KINDEL'S FIERCE KICK

Denounced the Express Companies in Favor of the Parcel Post at the Denver Congress

Kansas City, Nov. 17.—Bankers and business men, together with their less formal brothers, the farmers, yesterday swept aside the banner of peace that has long hung over the Trans-Mississippi Commerce Congress, and plunged into a bitter struggle over parcels post and the question of states rights.

Defeated in the resolutions committee, where they had expected victory, the supporters of the parcels post rallied their forces, and when the convention opened not a delegate was missing.

Georgia J. Kinde, of Denver, known best because of his fights upon railroad interests in Colorado, fired the opening gun for the parcels post adherents.

When in a speech against what he termed the domination of the government by the "robber express companies," who were getting the benefit of the failure to have a parcels post, he declared that "only a nation of chumps would stand for such damnable treatment and statesmanship."

"I predict that in ten years," he continued, "there will be no express company doing interstate or competitive business with our postoffice."

Will Hardly Elapse Before Ships Can Pass Through the Panama Canal

New Orleans, Nov. 16.—Vessels will be allowed to pass through the Panama canal before the official opening which has been set for Jan. 1, 1915. This information is contained in a letter received yesterday by L. E. Bentley of the New Orleans Progressive Union.

From Maj. F. C. Boggs of the United States corps of engineers at Washington. Maj. Boggs says:

"I am directed by the secretary of war to inform you that while the official date of opening of the canal has been set for Jan. 1, 1915, the intention to allow vessels to utilize the canal just as soon as practicable, probably by the latter half of 1913. However, it is too far in advance at this time to fix any definite date."

"Shipping interests will, however, be advised as soon as the commission feels assured that vessels can be passed without unnecessary delay."

SAVED CHILD FROM DEATH

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we learned it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicines seemed as useless. Finally we tried Dr. King's New Discovery and, lo and behold, it cured our child. It is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, it's the most infallible remedy that's made. Price 50c and \$1. Trial bottle free. Guaranteed by T. J. Tidings & Co.

REVERSE FOR THE REBELS

Viceroy Chang Came Back at Them at Nanking with Great and Unexpected Vigor

Shanghai, Nov. 17.—A reign of terror prevails at Nanking, according to late dispatches from that city, under the dominance of General Chang Jen Shun, the viceroy, who has cast restraint to the winds. A systematic search is being made for Chinese who have discarded their queues and all found were beheaded.

Revolutionaries in Shanghai are making vigorous preparations to attack Nanking and at a meeting last night volunteers were called upon to undertake the assassination of Chang.

Dr. Gilbert Reid, a prominent missionary, visited Viceroy Chang yesterday and endeavored to induce the general to agree to an armistice. General Chang refused to entertain the idea and declared that he must be loyal to the emperor.

He said that he intended to send his troops in the capture of Chiang Kiang Foo Chow and Shangkai for the throne. Dr. Reid says Chang's blood is up—that he is fired by his successes and the number of those he has beheaded. It is admitted that Chang is a man of great courage and military ability. He has abundant money and ammunition and he has sown the city with mines.

REGRETS ARE USELESS

After you are burned out. The wise men prepare for the emergency of Fire by having a policy to cover the possible loss of property through the ravages of the devouring element. Never mind future regrets. Have some present wisdom. Little trifles often cause a fire, but the resultant loss is no trace. It costs so little to be well and fully insured that the poor have no excuse for not having a policy. See us about it.
